Custom website design or Fb Business Page

Please contact Pcreationz for our package pricing for our Web site and Fb Business Design package

Please fill out our website questionnaire to help us gather this information to greater understand your needs for your new website.

step 1: **Gathering information.**

What is the purpose of your site?

What info do you want to provide? Promoting a service? Selling a product?

What are the goals for the site?

Target audience?

step 2: **Planning**

What pages do you want? Content, Home, About Us, services? (E-commerce websites are different pricing

- 1.
- 2.
- 3.

Would you prefer Pictures, Slideshows, or Gallery?

1.

step 3: **Design**

What are some websites you currently like and why? Style?

What is the overall look you are going for?

Colors?

Specific photos you want? *(All photos and content are to be provided by you or business, if you choose to have Pcreationz to provide content and pics there will be an up charge on your total amount)*

All of this comes into play, while we design your website mockup. Once your mockup is completed, we will have you to gain access to view your new home page design. Now is your chance to let us know what/if you do not like to change. 6 hours are allotted for your Mockup, all additional time spent on design changes will be billed at our regular hourly rate. If there is something you do not like, please let us know before you approve your mockup. Once the mockup is approved, it goes into the coding phase. It is much more difficult to change the design once your site has been coded.

An up charge of \$50 for additional content and pictures or graphics that are added to the total cost of a website for those who chose to add more graphics after approval of website development!

step 4: **Development**

Your website is now in the coding phase. Your mockup is now becoming a working site.

During this time, it would be helpful for you to send us your hosting account information. Having this information in advance will allow us to have a quick upload when the time comes.

If you do not already have domain name registration and/or hosting, Pcreationz recommend exploring the different plan options available for your site based GoDaddy or Wix accounts which are Pcreationz recommended companies to purchase from.

If you do not feel comfortable setting it up yourself, we would be happy to do it for you.

Fb or IG Business Page accounts are free therefore we only ask clients to provide their Username, password, email, and Business Page name to start development. The pricing for development starts at \$40.00 to set up page this does not include Logo, Banners or added features. Consult with Pcreationz to develop the perfect Business page for your Company. Packaged deals are available on request.

step 5: **Testing / launch**

During this period, we will send you some work proof.

This work proof will allow you to see what your website will look like. How things will move. All the content, etc.

Once your work is proof has been approved. We will send you your final invoice for the remainder balance. Once this is paid, we will finalize your site and make it live to the world!

step 6: **Maintenance**

Depending on your business, you may need a little or a lot of maintenance.

All maintenance is billed at our contract rate. Therefore, a contract will need to be agreed upon and signed by Pcreationz and your business. The cost of maintenance fees will depend on the amount of work needed and based on an hourly/fee of \$ 50.00 with a minimum of 1 hour.
